AGREEMENT SIGNED ELDERLY-LEGION IN ACCORD

Stephen Lombard, Executive Secretary to the Mattapoisett Board of Selectmen, acting in behalf of the Board of Selectmen at their direction, convened a meeting between the Council on Aging members and officials of the Florence Eastman Post #280, American Legion, to resolve the issue of fees to be paid for the use of the Legion Hall. After hearing each other out, the two parties settled on a future figure of \$100. a month for the hall rent beginning May 1st, 1976. Legion members have completely rebuilt the hall to accommodate the needs of the Elderly Nutrition Program. They have moved the kitchen to a new wing which is enlarged and adjoining the dining room. The dining room was expanded by inclusion of the former kitchen area and has been handsomely paneled. Inside and outside, the hall is both new in design and appearance. In the months before and after the nutritional program began, some confusion has been evident as to the rental fee for the use of the Legion Hall. This meeting has amicably settled the matter in the agreement signed by both groups, Mr. Lombard said.

CONFERENCE ON WHARF

Norman Soares, newly elected Mattapoisett Wharf Commissioner, met with the Board of Selectmen to exchange views on the future direction of the wharf management. Mr. Soares said that his philosophy regarding the wharf is that the wharf is the property of the town of Mattapoisett and should be used in the best interest of all townspeople. He said that he believes that the holder of a wharf space should own the boat that occupies the space. He invited the members of the Board of Selectmen to join him in the meeting he has set for this Thursday, April 29th, at 7:30 P.M. in the Town Hall Conference Room at which time all interested townspeople are invited to participate in a discussion of all phases of wharf use. Mr. Soares said that this input will be used as guidance in future wharf procedure and management.

team for practice and were concerned that townspeople would be unable to play during the practice sessions. The Sports Committee members explained that the use was part of a reciprocal agreement with the school system whereby school facilities are open to the committee. They said that the period of play which is Monday through Friday from 2:30 to 4:30 P.M. is not a popular period for court use but that, while the boys' tennis team is in practice, one court will be immediately relinquished to any townspeople who appear for play. A request to the coach for the court will receive immediate compliance he stated. The O.R. boys' team practices on the Mattapoisett court and the O.R. girls' team is trained on Marion courts the Sports Committee said.

Jeffrey Riley said that the courts have problems that do need solution. He said that on weekends in particular it is very hard to find a court to play on. People play until friends appear and then give the court over to them he stated. Some thought should be given to a way to reserve a court and to honor the one hour time limit of play that is the rule. He suggested that the one hour limit should be posted at the courts on a sign.

The Board of Selectmen asked Recreation Director Sheila Gregoire to look in on the courts periodically to see that players

GARAGE SOLUTION SOUGHT

Selectmen and Finance Committee members
discussed at length the problem of garaging
the new \$35,000.00 modular ambulance which
the Massachusetts Department of Health
dictates that the town must buy to maintain
the type of ambulance service needed. There
is also the problem of the rescue boat and
possibly the rescue truck to put under cover.
The ideal location Selectmen and Finance
Committee members feel would be the fire
station because of its central location and
because of the emergency nature of this
equipment. The Board of Appeals members
felt that a variance for the Fire Station ad-
dition would not be consistent with their
present rules under Mattapoisett zoning.
The group reached a decision to seek the
advice of Town Counsel Donald Fleming on
the drawing up of an amendment to the zon-
ing law under which emergency buildings

CLOTHING FIRES

Many people, especially children, get burned because their clothes catch fire. Sometimes they get too near a barbecue, or fireplace, or space heater. Often the cause is misuse of matches.

But children enrolled in The Hartford Insurance Group's Junior Fire Marshal Program learn what to do in this dangerous situation.

They learn that if their clothes catch fire, running is absolutely the wrong thing to do. The right action is to drop and roll — just fall to the ground, right where they're standing, and roll back and forth. That will extinguish the fire quickly.

The Fair will feature the usual goodies, games and fun, as well as a few unannounced surprises. Come early and have lunch with us from our snack bar.

The proceeds, we hope, will allow the continuation of the Christian Family Box Project by providing postage fees for the boxes of food and clothing sent to the four families in the United States, "adopted" by the Church School.

Don't forget the date -- Saturday, May 1st --we'll be looking for you!

Evaluation of Superintendent

An overall evaluation of the Superintendent of Schools was conducted on April 14th by Mass. School Superintendency Union #55 (combined School Committees of Mattapoisett, Marion and Rochester). The evaluation concerned itself with 5 distinct categories: Relationship with the Board, Community Relationships, Personnel Relationships, Curriculum and Instruction, and Fiscal Management.

Dr. Kunces was commended for his relationship with the Board and his good over-all fiscal management. It was also noted that he keeps the committees well informed and is a good liaison between them and the State Board of Education.

Although the committee felt that the Superintendent was doing a generally good job in the area of Personnel Relations, they did feel that there was need for improvement in some areas. Monthly visits into each school were suggested as a way for the

With regard to community relationships, it was strongly urged that a more positive program of public relations be initiated in an effort to bring the schools closer to the people.

In the Curriculum and Instruction category the committee expressed over-all dissatisfaction with current programs and policies. With this in mind the committee instructed the Superintendent to make use of the Cur-

The committee also requested general educational goals for the Union to be presented in May for the school year starting the following September.

At the same meeting, the combined committees voted to send a letter to the State Board of Education expressing its dissatisfaction with the mandatory implementation of the breakfast program in the 3 town union.

It was also voted to confirm the 2nd appointment of Dr. Henry Hagelhauer as Director of Special Needs.

THE HERRING RUN

At 10 A.M. on Saturday, May 1, the Children's Museum will offer a field walk to a "Herring run" to discover the mysteries of the alewife migration. The alewife, better known locally as a herring, is one of the fascinating anadromous fishes - it spends most of its life at sea and only comes back to the fresh water stream of its birth to spawn. Join us at 10 A.M. at the Children's Museum on Russells Mills Road in Dartmouth and we will walk the short distance to an area where fish ladders allow the alewives access to the mill pond.

Please remember that this particular walk does originate from the Children's Museum rather than the usual meeting place, Museum Outdoors.

"Walks and bike rides have been very successful in other parts of the country," Mr. Duffield stated, "and have raised thousands of dollars for the mentally retarded. NOTICE

In this issue of the Presto Press a notice of Mortgagee's Sale of Real Estate is being published by Southeastern Bank and Trust Company against Stephen J. Lombard and Jocelyn M. Lombard. This particular foreclosure action is being brought as the result of a dispute between Mr. Lombard and others and the Southeastern Bank.

Mr. Lombard is a stockholder and former employee of A.C. T.S., Inc., a Fairhaven accounting, bookkeeping and computer services corporation which is now out of business. A.C.T.S., Inc. had executed an agreement whereby it would be acquired by and merged into Southeastern Bancorp, the parent company of Southeastern Bank and Trust Company.

On or about February 14, 1975 A.C.T.S., Inc. and its principal stockholders filed a civil action in Superior Court asking that Southeastern Bancorp complete the purchase agreement to acquire A.C.T.S., Inc. and asking for damages of \$750,000.00. The suit alleges that the Bancorp failed to live up to its purchase agreement and that its policies caused A.C.T.S., Inc. and its stockholders to suffer financial damages.

Southeastern Bank and Trust Company holds a second mortgage on Mr. Lombard's residence and on real estate of two other A.C.T.S., Inc. stockholders, mortgages which were given as additional security for a certain A.C.T.S., Inc. loan. The Small Business Administration recently repaid to the bank 90% of the amount of this loan.

Mr. Lombard has a first mortgage on his house with the New Bedford Five Cents Savings Bank which is completely up to date.

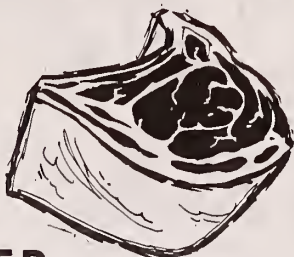

Mr. Lombard and other stockholders are currently seeking to restrain the Southeastern Bank and Trust Company from proceeding with this foreclosure pending the outcome of the principal lawsuit. Formal complaints and requests for investigation and intervention are also being made by Mr. Lombard and others to the state Banking Commissioner.

Signed: Stephen J. Lombard

I'm mad! I'm a little dog that has to sit in a window looking out at all the free running dogs on Shipyard Park. I sure wish I could join them - but my owners say it's a "no no". "No dogs allowed in the park." Yet there are lots of them running around there having a ball. What's the scoop?
